

SEDALIA DEMOCRAT-SENTINEL

MEMBER OF THE ASSOCIATED PRESS

Democrat Established 1868. Vol. XL.
Sentinel Established 1880. Vol. XXVII.

TWO PARTS—SEDALIA, MISSOURI, TUESDAY EVENING, JUNE 15, 1909.—PART ONE.

VOL. 3 NO. 143. PRICE FIVE CENTS.

WILL WORK FULL TIME

TEN HOURS A DAY FOR MISSOURI,
KANSAS & TEXAS SHOP-
MEN ON JULY 1.

ONE HUNDRED CAR REPAIRERS WANTED

Men of Experience Desired, and Pref-
erence Given Former Employees
—Other Departments Are to
Have Forces Increased.

Effective July 1, the working hours
at the Missouri, Kansas & Texas
shops in this city are to be increased
from eight to ten hours each day.
Master Carbuilder W. A. Mitchell so
advised the Democrat-Sentinel this
morning.

Mr. Mitchell also stated that one
hundred experienced car repairers
are wanted, and preference will be
given former employees.

Not only this, but laborers are also
desired, and the forces in other de-
partments are to be increased.

Those desiring employment should
call upon Mr. Mitchell at his office
at the shops.

The present force at the shops is
a little less than 500. It has in times
past exceeded 600, but with the panic
of November, 1907, a cut was made,
and since that time the monthly pay
roll has shown on an average fewer
than 500 employees.

There is a vast amount of work
on hand, and it is expected the force
in the near future will be increased
to more than 600 employees. If so,
it will mean much for the business
men of this city—not any one branch,
but all branches of trade.

The M., K. & T. is doing a splendid
business at present, and is counting
confidently on a record-breaking traf-
fic this fall, when stock and cotton
begin to move to market.

The Missouri Pacific is also in need
of experienced car repairers, it hav-
ing been only a few days since Mas-
ter Mechanic McGraw made an an-
nouncement to that effect through
the Democrat-Sentinel.

Inquiry today elicited that a num-
ber of mechanics had been secured
for this department, but still others
are wanted, and those desiring em-
ployment are asked to call upon Mr.
McGraw at his office at the new shops.

The present force at the new shops
is about 1100.

THE LEAGUE AND THE BAND

Were Entertained Last Night By Mrs.
W. S. Barnett.

Mrs. W. S. Barnett entertained the
members of the Epworth league and
the Epworth band of the Epworth M.
E. church at her home, 819 East
Ninth street, last night, in honor of
the eighteenth birthday anniversary
of her brother, Archie Neece.

Forty-five guests attended the af-
fair, which was not concluded until
11:30 p. m. There were games and
contests, Mrs. F. O. Withers winning
the first prize, a High school pennant,
while the second prize, a Teddy bear,
went to Otis Smith.

The home was prettily decorated in
the colors of red and white, those of
the league, while even the refresh-
ments of ice cream and cake were
served in that design.

THE STREET WAS FLOODED

Transfer Wagon Collided With and
Broke Fire Plug.

One of the City Water company's
fire plugs at the entrance to the alley
between Second and Main street, on
Ohio avenue, was broken early this
morning by a transfer wagon collid-
ing with it, causing the water to
flood the street in the vicinity.

Manager L. P. Andrews was notified
and ordered one of the company's
men to turn off the current. The
plug will be repaired at once.

MEMORIAL OF MACCABEES

Joint Services at the First M. E.
Church Sunday Morning.

Queen City live No. 7. L. O. T. M.,
Crescent tent No. 4. K. O. T. M.,
and Ritchie tent No. 152. K. O. T. M.,
will celebrate joint memorial ser-
vices at the First M. E. church on
Sunday morning, June 20.

The members of the order will
meet at the church, where the pas-

tor, the Rev. Grant A. Robbins, will
deliver the memorial address.

It is expected to have several
hundred members of the order in at-
tendance.

Mrs. G. W. Bradfield, Mrs. Wil-
liam Loges and Mrs. Louis Fisher
comprise the committee from the
hive to decorate the graves of de-
ceased members, while Messrs.
Keeling and Momborg will decorate
the graves of deceased members of
the tent.

FIGURING ON A NEW BANK

LOCAL CAPITALISTS ARE ANX-
IOUS FOR A LOCATION ON
OHIO STREET.

THREE BUILDINGS HAVE BEEN EXAMINED

Former Banker From Another Town
Is Interested—Formal Announce-
ment Is Expected to Be
Made at Early Date.

The Democrat-Sentinel is advised
that Sedalia is to have a state bank
in the immediate future, if plans now
well advanced are carried out, as it
is confidently expected they will be.

The gentlemen interested in the un-
dertaking have done everything pos-
sible to keep secret what has already
been done in the premises, as they
desired to first secure a desirable lo-
cation for transacting the business of
the institution before they take the
general public into their confidence.

It is said that a wealthy retired
business man is one of the prime
movers in the enterprise, and associ-
ated with him will be two of the
most prominent stockmen in the
county, and a former banker in a
nearby town.

An effort has been made, it is as-
serted, to purchase the lease on no
fewer than three storerooms on Ohio
street, all now occupied, but to no
purpose up to the present time.

The project is not to fail because
of a desirable location, a gentleman
who is interested says, for if a suit-
able building cannot be leased one
will be purchased.

The Democrat-Sentinel would be
pleased to give further details today,
but under the circumstances it is not
possible.

A TRIP TO "LOVER'S LEAP"

At the Noon Hour a Basket Lunch
Was Spread on the Grass.

The "Jolly Outing" club—Roy H.
Shriver, the machinist, president—en-
joyed a delightful day's camping at
Lovers' Leap, on Muddy creek, Sun-
day, returning home that night.

The party left early Sunday morn-
ing in a hay wagon. The day was
spent in fishing and hunting, and at
the noon hour a basket lunch was
served.

Those who made up the guest list
were:

Mr. and Mrs. H. Smith, Mr. and
Mrs. B. Henderson, Roy H. Shriver,
Theodore Gieseke, Eddie Grote, "Tom-
my" Thompson, George Peterson,
Frank Peterson, Roy Weber, L. Schuster,
William Weisman, and Misses
Edith Gresham, Jessie Gresham, Eda
Schneider, Clara Schneider, Nora Nel-
lins, Willie Enlow, Ella Worlidge,
Mabel Colvin and Viola Colvin.

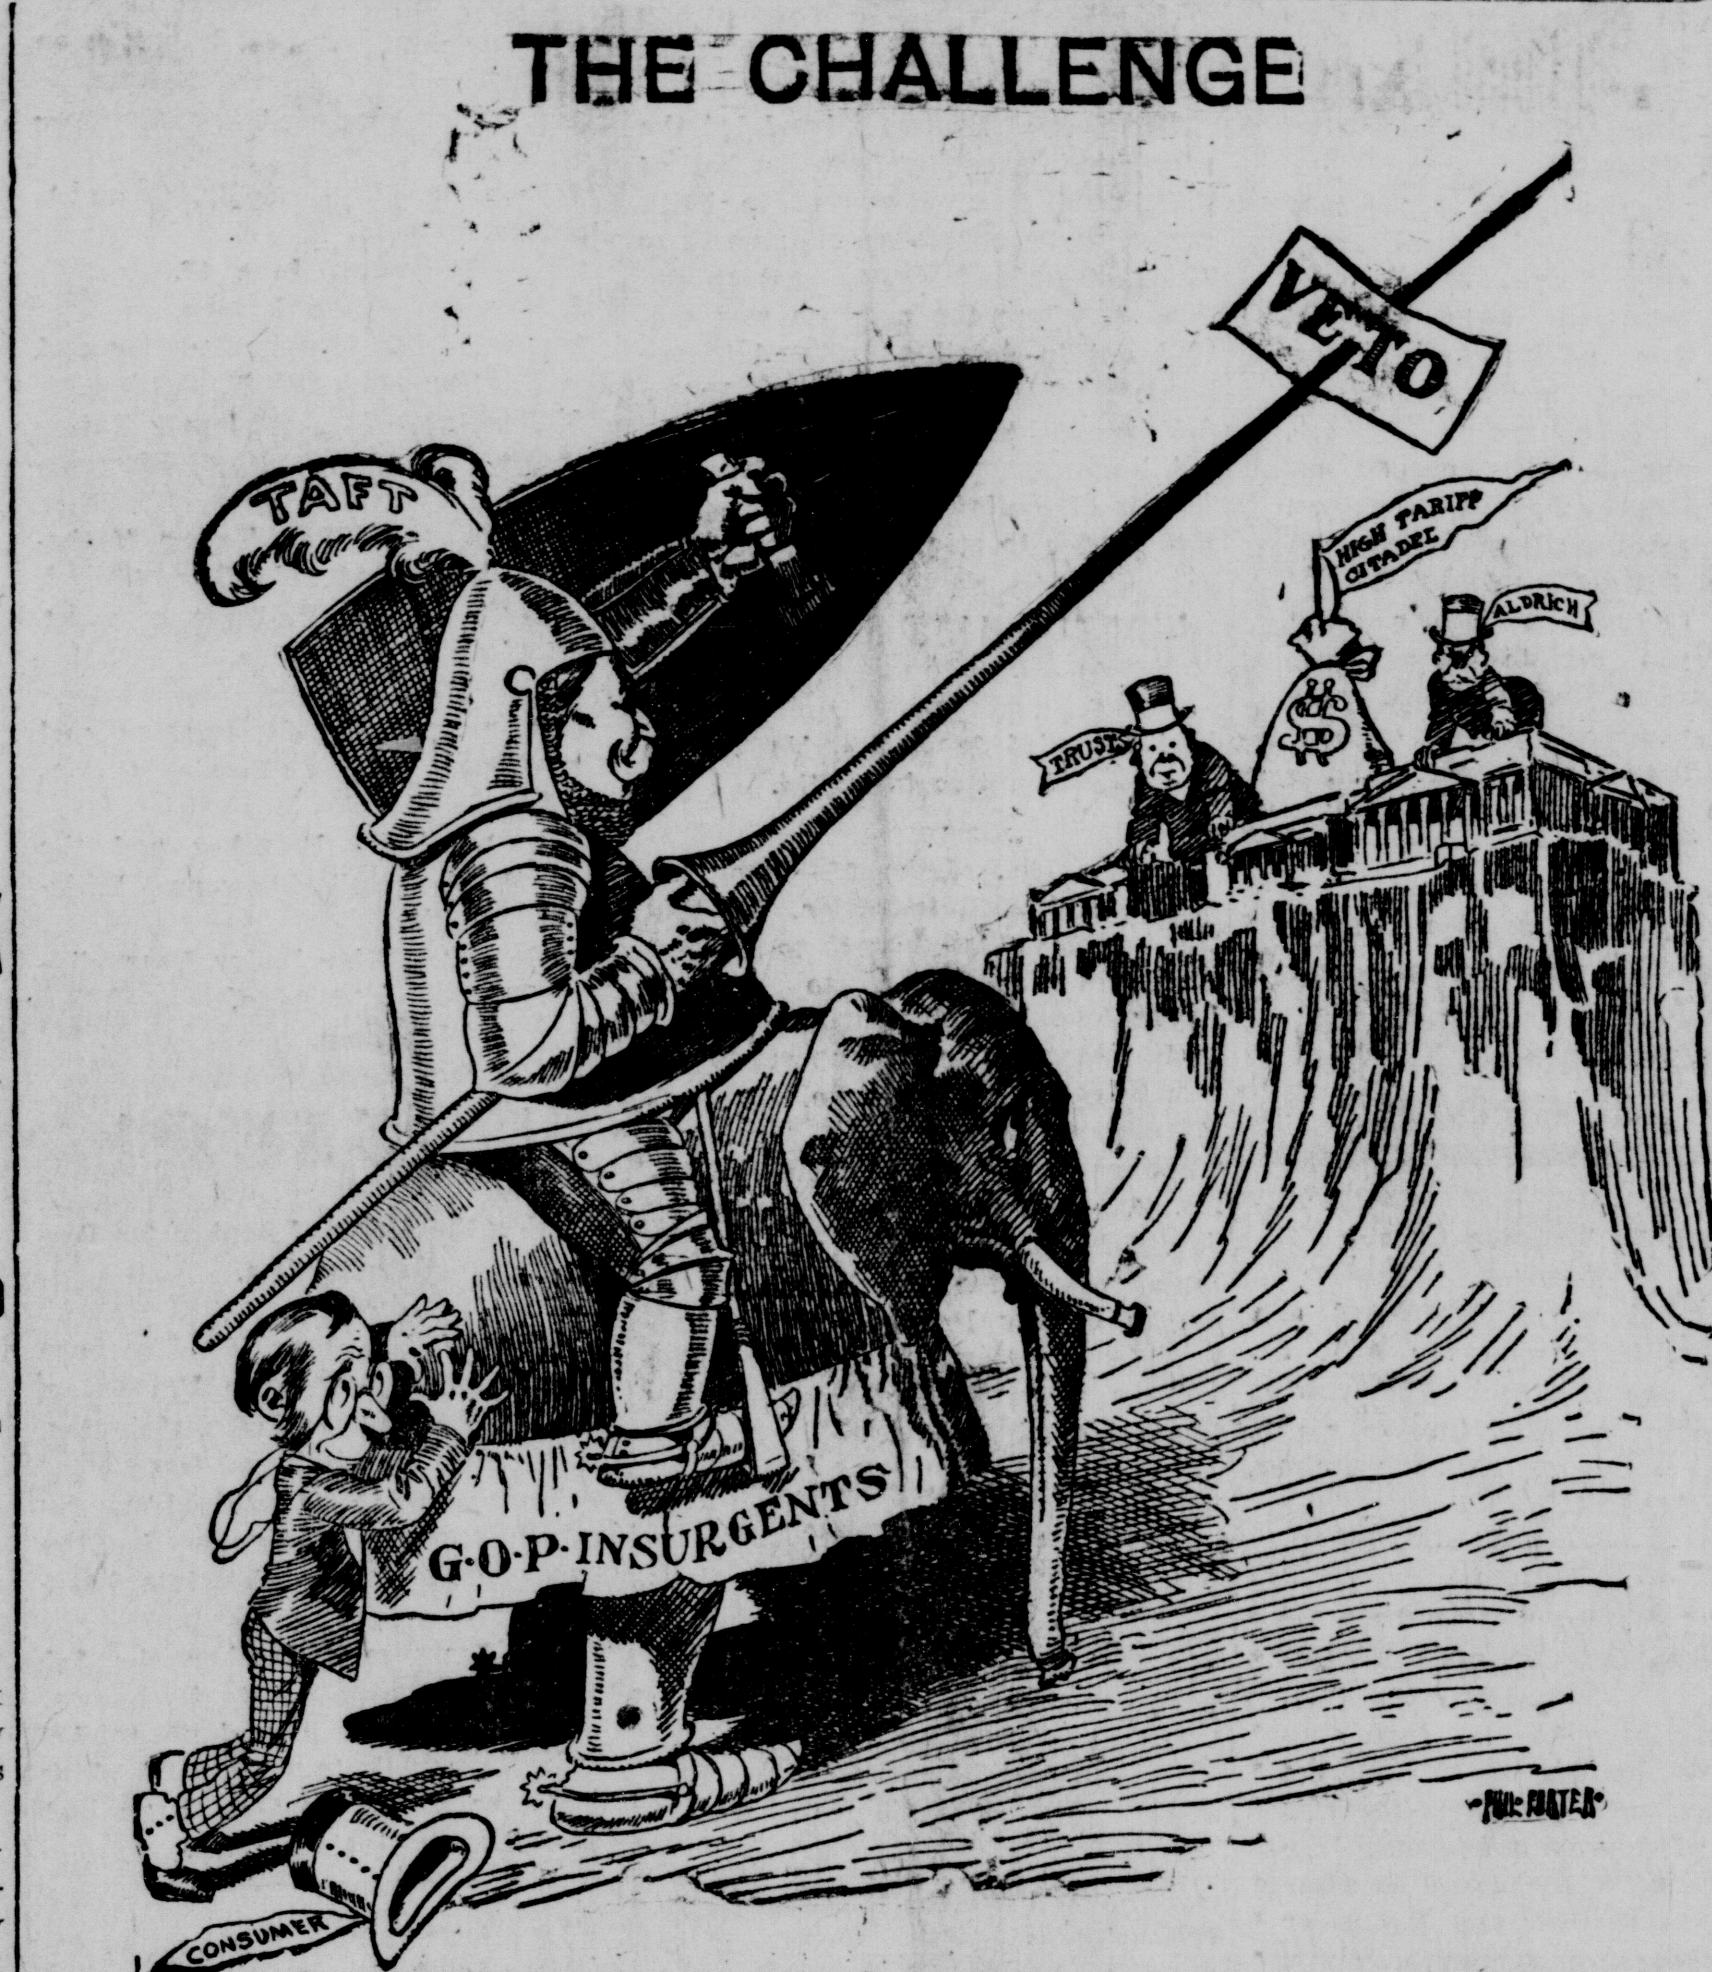

ENTERTAINED THE "P. E. O."

Mrs. U. G. Stevens Was Hostess to
Twenty-Four Guests.

Mrs. U. G. Stevens very delightfully
entertained the members of the P. E.
O. society and their husbands at a
6 o'clock dining on the lawn of her
residence, 1202 West Broadway, last
evening.

Twenty-four guests attended, each
bringing their supper with them.
After the dining on the lawn the
guests repaired to the residence,
where "500" was indulged in. Mrs.
F. F. Combs and Miss Hattie Gold
winning the prizes.

As a souvenir, each guest, before
departure, was presented with a
miniature American flag.

ANDREW SHOBE MAY DIE

HE FELL FROM A SECOND STORY
WINDOW SOME TIME
LAST NIGHT.

WAS FOUND BY POLICEMAN J. JACKSON

Shoulder Broken, Three Ribs Frac-
tured, Lungs Punctured and
Condition Is Critical in
the Extreme.

"Andy" Shobe, aged 60 years, a
well known sporting man of Sedalia,
occupying rooms in the Arnold build-
ing, on South Lamine avenue, while
under the influence of liquor, was
probably fatally injured last night
by falling from a second story win-
dow of the building to the yard in
the rear.

His collar bone was fractured and
also three ribs. The bones of the ribs
punctured his lungs, and he was
rendered unconscious. In addition to
the above injuries, he sustained a se-
vere gash on his head, together with
bruises and contusions on other parts
of his body.

Shobe retired about 10 o'clock last
night. At 4 o'clock this morning,
John Jackson, a police officer, while
patrolling his beat, heard the cries
of a man, apparently in distress. He
began an investigation and found
Shobe in an unconscious condition.

Dr. F. R. Morley was summoned
and ordered Shobe taken to the city
jail. Owing to his condition, it was
impossible to set the fracture of the
collar bone, that being deferred un-
til this forenoon.

At 11 o'clock this morning Shobe
was removed to the City hospital,
where this afternoon it was stated
he is in a critical condition.

He was still unconscious and the
attending physician held out little
hope of his recovery.

BURIAL OF JOS. H. BYRNE

Rev. Fr. B. R. McNamee Declined to
Conduct the Service.

The Rev. Fr. B. R. McNamee, pas-
tor of St. Patrick's Catholic church,
today declined to officiate at the fu-
neral of Joseph H. Byrne, who com-
mitted suicide Sunday, in consequence
of which the Rev. R. C. Miller, pastor
of the East Sedalia Baptist church,
was engaged to conduct the funeral
services.

Services were conducted at the fam-
ily residence, 421 East Jackson street,
at 2 o'clock this afternoon, after

which interment was made in Crow
Hill cemetery, permission also being
refused to inter the body in the Cath-
olic cemetery.

"Tom" Bast's Son Shot.

Joseph Bast, a son of T. W. Bast,
the architect, accidentally shot him-
self in the right foot while hunting
his home at Columbia last Thursday.
but is improving satisfactorily, ac-
cording to information received by his
father.

The young man was hunting with a
No. 22-calibre revolver. A cartridge
lodged in the weapon and young Bast
attempted to dislodge it, holding the
gun against his foot.

It was discharged, with the fore-
going result.

a Widow and Six Children—Be-
Buried from Sacred Heart

Information was received in Se-
dalia early last evening of the death
of Joseph Burger, a prominent
farmer and stockman, who died from
inflammation of the bladder at his
home, five miles southwest of town,
at 6:30 o'clock last evening, aged 76
years.

Mr. Burger was one of the best
known stock raisers in this county.
He had been ill less than a week and
Monday afternoon grew gradually
worse until the end came.

He was a devout member of Sacred
Heart Catholic church and leaves a
widow and the following children:
Joseph, Henry, John and Clara Bur-
ger, Mrs. Chris Mergen and Mrs. H.
A. Steyaert, all of this county.

Mr. Burger was born in Germany
and came to this country about forty
years ago, having resided here since
that time. He was a veteran of the
civil war.

Rockford, Ill., and Miss Edna Lenora
Mertz, daughter of Mr. and Mrs. J.

the First Congregational church,
will perform the ceremony. Only im-
mediate relatives and a very few in-
imate friends will attend, and the
couple will leave on the midnight
train for Rockford to reside.

The wedding will be a very quiet
affair. There will be no attendants
and no wedding march.

Miss Mertz is a graduate of the

Sedalia High school. She also at-

SILER AT DOBEL'S HALL
LAST NIGHT.

MORE THAN THREE SCORE GUESTS THERE

Fr. McNamee on Tuesday
Morning, June 22.

One of the most delightful linen

tendered to Miss Mary Siler at Do-
bel's hall last night by her sister,
Miss Maud Siler, and J. M. Dobel, in
anticipation of her marriage to Chas.
Dobel, a Missouri Pacific machinist,
on June 22.

More than three score guests at-
tended the event, and each presented
the guest of honor with a beautiful
piece of linen, some of which were
both artistic and expensive.

At a late hour the guests indulged
in dancing, for which "Prof." Chan-
nells furnished music.

After the midnight hour light re-
freshments were served and later the
guests returned home, wishing Miss
Siler a long and happy married life.

The wedding will occur at St. Pa-
trick's Catholic church at 7 o'clock
Tuesday morning, June 22. The Rev.
Fr. B. R. McNamee will officiate.
Harry Dobel and Miss Maud Siler
will serve as groomsmen and brides-
maid, respectively, and after the cere-
mony a wedding breakfast will be
served.

The bridal couple will leave that
day for a brief honeymoon tour, and
on returning here will go to house-
keeping on East Broadway.

Near Sedalia.

The members of Russell camp No.
2065, Modern Woodmen of America,
met in regular session last night.

ingham were initiated and four appli-

D. A. Fults, William Craig and
F. W. Lenkung were appointed a

be purchased by the camp, to be
used for camping and fishing pur-
poses.

On account of the failure of the

21 to Monday night, July 12.

and a message yesterday stated that
for the past three days he has taken

The Weather Forecast.

Partly cloudy, with probably show-
ers tonight or Wednesday; rising
temperature.

REVISION IS PROBLEM.

The question how often we should
go through the travail of tariff re-
vision is suggested in an indirect
reference to the progress of the tar-
iff bill in the current Review of Re-
views. The editor of the Review, Dr.
Albert Shaw, thinks that the whole
system of tariff building should be
changed, and that with the present
method the only thing that can be
accomplished will be to take the
Payne tariff bill as a basis and se-
cure improvements in matters of de-
tail. For the future he thinks that
congress should provide for a "good
kind of tariff commission, and add:
"An able and impartial commission,
with due industry, ought to help us
bring about a thorough-going revision
of the tariff in about the year
1917."

Every revision of the tariff is so
unsettling to business and entails so
much industrial readjustment that it
goes without saying that continuous
tariff tinkering would be worse than
submission to ordinary inequalities.
No tariff is possible that would sat-
isfy everybody, but a tariff should be
made to meet conditions fairly as
they exist at the moment rather
than to reform conditions yet to de-
velop. If it were possible to secure a
reasonably satisfactory law now, with
the additional assurance that, hav-
ing unforeseen emergencies and the
correction of palpable mistakes, the
next revision would not take place
before 1917, and that it would then
take into account results of a careful
study of our entire industrial situa-
tion by a commission of unbiased ex-
perts, the country would without
question settle down to an unprece-
dented and uninterrupted era of
commercial enterprise and business
expansion.

BLACKS IN THE SOUTH.

A good many unpleasant things
happen to negroes in the south. Some
very agreeable ones happen and it is
well to take note of them.

A large factory in Humboldt,
Tenn., was shut down to permit the
negro employes to attend the funeral
of one of their number, an ex-
slave, who had been employed in the
concern for twenty years and was
highly regarded by the whole com-
munity.

A negro fireman in Augusta was
set upon and injured by a mob. His
wounds were dressed at the hospital,
and when he was leaving there an-
other mob started after him. Mrs.
Sylvester, a prominent white woman
in the city, called the negro into
her house, shut the door in the
face of the rioters and told them
precisely what she thought of them.
The abashed crowd dispersed.

GUARANTEED GOODS.

Widely advertised goods are to all
intents and purposes guaranteed
goods. Advertising is of value to the
seller only when the goods exploited
prove to be fully up to the buyers's
expectations. Money spent in inducing
the public to try inferior articles is
money thrown away, because it helps
to make enemies instead of friends
for the advertiser.

So well do the manufacturers and
retailers understand this that the
mere fact they invest in publicity is
proof positive of their confidence in
their products. It is ten times safer
to buy articles that have an advertis-
ing backing than to purchase those
whose sponsors have no reputation
to maintain and no advertising in-
vestment to protect.

There are great differences in the
rates of wages in the same occupa-
tions in this country, which should
afford to reasonable minds evidence
that the tariff has little to do with
the earnings of labor. Another fact
is that rates of wages are lower in
the protected industries, so-called,
than in the mechanical crafts that
owe nothing to the tariff.

And now it is Uncle Sam who has
discovered he has a cause to kick
against the extortions of the ice
man. In other words, it has been
disclosed that the ice companies at
Washington are furnishing ice to pri-
vate consumers at rates that are 20
to 50 per cent less than is charged
to the government.

The head of the naval academy at
Annapolis says 12 per cent of the
students have heart trouble. Young
men always have heart trouble in
June.

Some men are not satisfied to have
opportunity knock at their door;
they expect him to push the elec-
tric button.

The Wright brothers are now the
Robert Feltons of the air.

Will Hold Public Sale.

J. R. Williams, who recently sold
his grocery store at 614 South Ohio
street, will hold a public sale of house
hold goods at his home, 112 West Se-
venth street, Saturday, June 19, begin-
ning at 1:30 p. m. Everything in the
house will be sold; also Mr. Williams'
sorrel driving horse will be offered in
this sale.

Splendid and costly luxury is by no
means necessary in order to make a
home look and be charmingly attrac-
tive. It can be done most artistically
and substantially, on economical lines
by the use of our interior decorations.

Train Waited While Engineer Shaved.

A train stopped abruptly a few miles
outside the little station of Hergatz,
in Bohemia, recently, and the passengers
alighted to ascertain what had hap-
pened. They found the guard engaged
in shaving the engine driver, who apol-
ogized for the delay, and explained
that he was about to propose to the
young woman in the refreshment room
at the next station, and he had no
time to complete his toilet before
starting.

The Cruel World.

"Lady," whined the lean tramp in
the vestibule, "it's raining and blow-
ing a tornado outside. Can't yer give
a poor-man a bite a night like this?"
"Bite?" snapped the stern house-
wife as she slammed the door. "Not a
bit of it. Why don't you go up against
the teeth of the gale?"

Kentucky County Voted "Dry."

Princeton, Ky., June 15.—In a local
option election in Caldwell county
yesterday the "drys" won. This was
the seat of much of the tobacco trou-
bles of the last few years.

The Meaning of House Pride.

Sometimes one hears the expres-
sion, "house proud," applied to a
housewife who is particular about the
neatness of her home. It is not a
name to resent, for it indicates a re-
fined taste. Let us help you to cul-
tivate this by means of our artistic
wall paper.—West's Book Shop.

FLAG DAY CEREMONIES

At the Sedalia Theater, Under Aus-
pices of the Elks.

One hundred members of Sedalia
lodge No. 125, B. P. O. Elks, took
part in the Flag day procession from
the lodge hall to the Sedalia theater
last night.

The procession was headed by Dr.
W. J. Ferguson, W. H. Schrader and
Louis Johannes, while J. T. Watkins
served as flag bearer.

The Second Regiment band led the
procession, marching from the hall at
Third and Lamine streets to Fifth
street, west to Ohio avenue; north to
Third street and thence east to the
theater, where the program was car-
ried out in detail as printed in the
Democrat-Sentinel. Dr. J. B. Fuller
delivering the Flag day address.

A large assemblage of relatives and
friends of the lodge members were at
the theater to attend the ceremonies.

JUDGE PHILIPS WON'T QUIT

Had Intended to Retire, He Told a
Committee in Joplin.

Joplin, Mo., June 15.—Declaring
that he intended to resign, but that
"he had been taught not to run ex-
cept when compelled to do so,"
Judge John F. Phillips said here yester-
day that it was impossible for
him to resign at this time.

Congressman Murphy recently
made charges against Judge Phil-
lips. The statement was made by
Judge Phillips when he was visited
by a committee representing the
Jasper County Bar association, ask-
ing him to attend a banquet which
will be given in his honor at the
Connor hotel tonight.

Big Crops in the Northwest.

Four years ago the provinces of Al-
berta and Saskatchewan were carved
out of a vast area formerly known as
the northwest territories. Their popu-
lation at the time of their organiza-
tion as provinces was probably about
70,000 for Alberta and 90,000 for Sas-
katchewan. The number today is
somewhat problematical, but a guess
of more than half a million for the
two provinces is quite reasonable. Sas-
katchewan is now producing crops
worth nearly \$40,000,000, and Alberta,
which is a cattle country rather than
a crop country, values its harvest at
\$15,000,000.—New York Sun.

Holland's Way.

In Holland there are few able-bodied
paupers. There is a tract of pub-
lic land containing 5,000 acres, which
is divided into six model farms, and
one of these is set aside for the poor
person applying for public relief. If he
voluntarily serves until he learns ag-
riculture he is allowed to rent a small
farm for himself and be what is called
a free farmer. Every pauper who is
thus reclaimed to honest regular in-
dustry is so much gain to the state.
There is also a forced labor colony,
where beggars and vagrants are sent
and made to do farm and other work,
whether they like it or not.

Demand for Apple Wood.

The great demand for apple wood,
for the manufacture of saw handles,
has been appreciated by the large num-
ber of farmers who have lost their
orchards through the ravages of the
San Jose scale. Buyers have been
going through New Jersey making
tempting offers for the timber. In
some cases farmers have found it more
profitable to cut down old trees that
are not prolific rather than depend on
an uncertain crop in the future. Sev-
eral carloads of butts have been
shipped in the last few weeks.

If You Have a Pleasant Face.

It is generally better to deal by
speech than by letter, and by the me-
diation of a third than by a man's self.
To deal in person is good when a
man's face breedeth regard, as com-
monly with inferiors, or in tender
cases where a man's eye upon the
countenance of him with whom he
speaks may give him a direction
how far to go, and generally where a
man will reserve to himself liberty
either to disavow or to expound.—
Francis Bacon.

Eccentric and Irreverent.

Because she kept 12 cats named af-
ter the 12 apostles, including one drab
colored favorite named St. Judas, an
effort is being made to have the will
of the late Miss Anna A. Burnet of Hil-
ton, N. J., who left an estate valued at
\$300,000, set aside on the ground that
she was incompetent. Her nearest re-
latives, who are cousins, have begun the
action. One-third of the estate was
left to charity and the remainder to
relatives and friends.

In the Wrong Place.

It was not until three batsmen in
succession had struck out that a dis-
gusted patron in the bleachers yelled:
"Hey! You mutts oughta be up
here. You're nothin' but fans."

commuted the fine to ten days each
in jail.

BEAUTIES IN VIRGINIA

Utilizing the Skins of Snakes for Gar-
ter Buckles.

Richmond, Va., June 15.—The new-
est fad of Virginia girls has put a
price upon the heads of vertebrates,
for the brilliant skin of the garter
snake is now to be utilized for its
legitimate purpose of supporting the
open-work hosiery of Virginia beau-
ties.

Exactly where and when the fad
originated appears not to be known,
but jewelers have found it to be
worth their while to prepare the skins
of snakes to be used as bows and
buckles on women's garters.

Legislation Aimed at Inebriates.

Men "visibly intoxicated" and con-
scious of a lingering thirst will ask
for another drink at their peril if the
Pennsylvania legislature passes a bill
introduced by Representative M. Wat-
son, of Indiana county. Mr. Watson
would make the price of that particu-
lar drink, or even the request there-
of, \$5 to \$20. It is unlawful now for
a saloonkeeper to sell to a man "vis-
ibly intoxicated," or to an habitual
drunkard or a minor, but the present
law imposes all responsibility upon the
saloonkeeper to determine the man's
condition. Representative Watson
would shift some of the responsibility
on the man with the thirst; also up-
on the habitual drunkard and the
minor who would ask the saloon-
keeper to violate the law. His bill
proposes a fine of from \$5 to \$20 for
each attempt to get a drink under
the circumstances.

Parts and Signs of Goodness.

If a man be gracious and courteous
to strangers it shows he is a citizen
of the world and that his heart is no
island cut off from other lands, but
a continent that joins them. If he be
compassionate toward the afflictions
of others it shows that his heart is
like a noble tree that is wounded
itself when it gives the balm. If he
easily pardons and remits offenses it
shows that his mind is planted above
injuries, so that he cannot be shot.
If he be thankful for small benefits
it shows that he weighs men's minds
and not their trash. But, above all,
if he have St. Paul's perfection, that
he could wish to be an anathema
from Christ for the salvation of his
brethren, it shows much of a divine
nature and a kind of conformity with
Christ himself.—Bacon.

RUMBLINGS OF THE RAIL

EMPLOYEES ARE WORKING OVER-
TIME ON CARS IN PITTS-
BURG DISTRICT.

COACH CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From
Various Sources For the Benefit
of Democrat-Sentinel
Readers.

Inquiries were received in Pittsburg, Pa., Monday, for the lowest cash prices on 6,000 cars needed by western roads.

This brought out the information that the railroads of the country have since January 1 spent \$30,000,000 on new car equipment and about \$6,000,000 more is to be spent, since the 6,000 cars now wanted will cost that much at least.

Pittsburg car manufacturers volunteer the information that 30,000 cars have already been ordered of the car shops of the country and many of them delivered.

The year 1909 bids fair to be the banner steel car year of history. Already the big car shops of the Pittsburg district are working overtime.

Delay in the Clerks Coming.

On account of inability to secure the needed equipment, the M. K. & T. railway will not install its new trains, to be known as trains Nos. 9 and 10, between St. Louis and Galveston, on July 1, as was originally intended; instead, it will be postponed until September 1, as previously stated in the Democrat-Sentinel.

The motive power for the companion trains to the northbound and southbound flyers has been completed, but the postponement will necessarily have to be made on account of the delay to the cars.

The contemplated transfer of thirty-six railway mail clerks to Sedalia will also be deferred until the new trains are put into operation.

Strike Matter Part to Gould.

The Brotherhood of Locomotive Firemen will likely appeal direct to George Gould, in order to prevent the strike on the Texas & Pacific and all other Gould roads. This plan is regarded with favor.

Should Gould refuse the requests of the men the strike will probably involve all of the other Gould roads.

Loaded Car Was Derailed.

A loaded car on an extra west-bound Missouri Pacific train, in charge of Conductor Newcomb, became derailed between Gasconade and Hermann, at 12:30 o'clock this afternoon, delaying train No. 1 more than two hours, and causing a similar delay to train No. 21, local passenger. No one was hurt.

Will Lay Double Track.

Contractor J. C. Cole, accompanied by a gang of ten men, left this morning for Northern Kansas, where he will begin the laying of eighty miles of double track for the Union Pacific railway.

Offered a Good Position.

E. M. Dennis, formerly trainmaster for the Missouri Pacific, has been offered an excellent position away from Sedalia, and in all probability will accept.

Automatic Couplers.

L. L. Whitlow, a Missouri Pacific brakeman, is laying off. Today is pay day on the Katy. The Missouri Pacific pays tomorrow.

Al Goodrich, traveling passenger agent for the B. & O. railway, is here today on business.

R. M. Garrett, resident engineer for the Katy, made a business visit at Hartsburg today.

F. M. Robinson, a Missouri Pacific hostler helper, and wife, have a son, born at the home yesterday.

A. P. Morrison, division engineer for the Missouri Pacific, went to Independence this morning on business.

On account of today being home-seekers' day, M. K. & T. southbound flyer No. 5 will be run in two sections tomorrow morning.

John M. Scott, representing the American Railway association, left on the fast mail train this morning for a business visit in Kansas.

The M. K. & T. has inaugurated a through Pullman service on train No. 1 between St. Louis and Houston, Texas, effective Monday.

here last evening, en route north on the motor car.

S. K. Bullard, of Denison, Texas, superintendent of telegraph for the M. K. & T., is here today, having returned this morning from a business visit at St. Louis.

A. A. Krause, general claim attorney for the M. K. & T., and R. M. Minford, of the same department, arrived from St. Louis this morning to settle hospital claims.

Superintendent N. J. Finney and Roadmaster Arthur Frakes, of the Katy, are making a trip on the Hannibal south division today, utilizing the company motor car for the trip.

J. G. Carr, a Missouri Pacific machinist, had his right foot painfully mashed at the shops yesterday, the result of a piece of iron falling on the member. He was attended by Dr. A. J. Campbell, shop surgeon.

Howard Penniston, familiarly known as "Pick" Penniston, the "dub" brakeman, was temporarily engaged Monday as a member of the city fire department, working at engine house No. 1 for Brakeman Harry Smith, alias "Napoleon" Smith, who was called for duty on the south end of the M. K. & T.

Suspect Held for Investigation.

Frank Wright, a stranger in Sedalia, was arrested by Sheriff Henderson at 4 o'clock Monday afternoon, and now occupies quarters in the county jail, slated for investigation.

Wright is thought to have been implicated in the assault on William Hoffman, postmaster at Longwood, last Friday night, and in consequence the authorities are making an investigation.

Chinese Women Study Medicine.

The Woman's Medical school at Shanghai awarded diplomas to six graduates lately. The school was founded a little more than three years ago by funds furnished by Li Ping Shu, president of the Chinese town council. The principal of the school is a Chinese woman who took an advanced educational course in both Canton and Hong-Kong. During the last year there were 30 students. Each of the six graduates read an essay, two of them in English.

Fifty Years a Pauper.

At a meeting of the East Preston (Sussex) Board of Guardians it was reported that an aged inmate, who recently died in the workhouse, first became chargeable to the union as a pauper lunatic in January, 1859, and that his maintenance during the past 50 years had cost the ratepayers over £900.—London Mail.

Couldn't Get Into Prison.

Alexander Thomas stole copper wire in sight of city brokers ostensibly to get into jail at Scranton, Pa. When arraigned before Judge McClure he refused to have counsel assigned him, and insisted on pleading guilty. The verdict of guilty was taken, and, as the prisoner was gleefully contemplating a three or four months' sojourn in jail, Judge McClure blasted his hopes with two cruel words: "Sentence suspended." When the prisoner turned to protest against the harsh ukase of the court he was cut short with a snappy "Get out!" He reluctantly left.

Mother States of Presidents.

The native state is often called the "mother state." Figuring the three states, Virginia, Ohio and New York, it is interesting to note that seven presidents were born in Virginia, six in Ohio and three in New York. Washington, Jefferson, Madison, Monroe, William Henry Harrison, Tyler and Taylor were born in Virginia; Grant, Hayes, Garfield, Benjamin Harrison, McKinley and Taft in Ohio, and Van Buren, Fillmore and Roosevelt were born in New York.—Oil City Derrick.

British Naval Estimates.

The British naval estimates call for an expenditure of \$175,713,500 during the next fiscal year. This is almost \$40,000,000 more than the United States will spend and very nearly twice the sum that Germany will devote to her establishment. Great Britain had 479 ships complete for sea (including 149 destroyers, 98 torpedo boats and 49 submarines) in March, 1908, and the complement consisted of 99,679 officers and men and 18,371 marines.—New York Sun.

WASPS VERSUS RELIGION

Broke Up a Revival That Was in Progress in Georgia.

Boston, Ga., June 15.—A great revival meeting in progress at the Baptist church here was broken up Sunday by the swarming of yellow jackets which had built nests back of the pulpit.

The services were at high tension, the preacher being engaged in calling sinners to the mourners bench, when the yellow jackets began to dart out from their nests and sting sinners and sinners alike.

In a few minutes there seemed to be thousands of the spiteful yellow insects flying about the church and darting their stingers into the brethren and sisters.

The preacher was one of the first to be stung and the pain put a stop to his exhortation. The women screamed when struck by the yellow jackets and many of the men said things that had no churchly sound. After standing for the stinging a few minutes the congregation got into a panic and bolted from the church, leaving the sacred edifice in possession of the yellow jackets.

DOUBT THE RUIZ DEATH

FORMER HUSBAND VERY SKEPTICAL ABOUT THE SUICIDE STORY.

THIS IS THE SECOND TIME HE'S HEARD IT

Gossip Says Mrs. Ruiz Was Seen at Claridge's Since Date of Reported Death—Vanderbilt Says Nothing.

New York, June 14.—A startling development in the mystery of Mary Agnes Ruiz, friend of Alfred G. Vanderbilt, came yesterday when in dispatches from Paris her former husband, Antonio Ruiz, the Cuban diplomat, was quoted as saying he was inclined to doubt the whole story of her having killed herself in London.

"I don't know whether the woman who shot herself is my former wife," Senor Ruiz declared. "This is the second time since I divorced her that her death has been reported to me."

A woman now in Paris, who says she knows "the" Mrs. Ruiz well, says she saw her with Mr. Vanderbilt in the restaurant of Claridge's hotel, London, since the beginning of June, more than a fortnight after Mrs. Ruiz killed herself in London. A former employee of Mrs. Ruiz, who is in New York, today is quoted as saying the woman had attempted to commit suicide on two occasions in this city by taking morphine.

One of the attempts, the informant said, was in the presence of a young millionaire who is known to have been an admirer of Mrs. Ruiz.

Mrs. Ruiz, when told her friend had been seen in an automobile with another woman, flew into a rage, followed by a fit of jealous weeping, and then swallowed morphine tablets and fell unconscious. She was ill for a long time afterward.

Last Christmas Mrs. Ruiz is said to have told her servants that she was going to London and that Vanderbilt was going to "buy her a home there. You will find that I will be Mrs. Vanderbilt yet," she is said to have declared.

Mrs. Ruiz, it is said, met on shipboard on her trip from Europe the woman with whom Vanderbilt had been motoring. The other woman took a fancy to Mrs. Ruiz and invited her to her country place for a visit. Mrs. Ruiz, however, did not accept the invitation. At that time Mrs. Ruiz told friends of her meeting with the woman, and remarked: "She is very beautiful. I don't wonder he (Vanderbilt) likes her."

Dispatches from London say that efforts to take a statement from Alfred G. Vanderbilt failed. In response to a brief message Mr. Vanderbilt's secretary said:

"Mr. Vanderbilt has nothing to say."

A London newspaper today announced that a question will be asked in the house of commons with a view to obtaining the full particulars of the Ruiz inquest, held by Dr. Danforth Thomas, coroner of St. Pancras' court, on May 18. Dr. Thomas, to whom application was made last week for a copy of the depositions, refused to accede to the request, and the paper continued: "It is considered advisable, in view of the many reports current, that opportunity should be given for an official exposition of the facts."

SUGAR STOCK TOOK A SLUMP

Fell Off \$8 Per Share on New York Exchange This Morning.

New York, June 15.—There was a decline of \$8 a share in American Sugar Refining stock on the exchange here today.

The slump is attributed to the litigation in which the company has engaged recently, and to the fear of a rigorous government inquiry into its methods.

Served Without Shells.

"Americans," says a writer in the London Chronicle, "have a way of serving boiled eggs which is apt to disconcert the English visitor. It is told of Thackeray that at his first American breakfast in Boston he ordered this dish. Among the array of things placed before him was a goblet filled with something that he failed to recognize, and he also missed the eggs. In answer to his inquiry the waiter said: 'That's them in the glass.' 'Well, but where are the shells?' asked Thackeray. 'You didn't ask for the shells,' was the prompt reply."

Lesson of Nature's Springtime.

Any prospect of awakening or coming to life, to a dead man, makes indifferent all times and places. The place where that may occur is always the same, and indescribably pleasant to all our senses. For the most part we allow only outlying and transient circumstances to make our occasions. They are, in fact, the cause of our distraction. Nearest to all things is that power which fashions their being. Next to us, the grandest laws are continually being executed. Next to us is not the workman whom we have hired, but the workman whose work we are.—Henry D. Thoreau.

President Gets Many Gifts.

George F. Parker, in his reminiscences of Mr. Cleveland, in McClure's Magazine for March, tells of the enormous number of gifts sent to a president. After his first term Mr. Cleveland insisted on going through his vast collection, and in describing the incident Mr. Parker says: "Upon unlocking the disused room into which perhaps ten or twelve thousand separate articles had been cast, we might well have thought ourselves in a photographic warehouse. There must certainly have been between six and seven thousand photographs."

Mixed the Tunes.

In a Montreal theater the other night the orchestra undertook to play the national anthem with queer results. Part of the musicians were Italians from New York, who perhaps did not realize that they had crossed the frontier. So while the local auxiliaries from the regular theater orchestra played "God Save the King," the visitors struck into "The Star Spangled Banner" and the Americans in the audience promptly came vociferously to their support. The American air won after a sturdy conflict.

CHAMPION TOOK TWO STRAIGHT FALLS

Put the Shoulders of Tom Jenkins to the Mat in 14:28 and 7:53 Minutes, Respectively, at Capital of Hawkeye State.

Des Moines, Ia., June 15.—Before 7,000 fans Champion Frank Gotch, of Humboldt, Ia., last night easily and decisively defeated Tom Jenkins, former champion of the world, in two straight falls at the stock pavilion at the state fair grounds in this city.

Gotch won the first fall in 14:28 with a reverse Nelson and the second with a crotch and half Nelson in 7:53 minutes.

Jenkins had no chance against the speed and skill of the champion, who toyed with him at will.

Between the first and second fall the band struck up the national anthem and Gotch stood up and waved his robe, which brought forth a great ovation. Dave Porteous, of Kansas City, refereed.

MRS. GOULD INTOXICATED

Evidence in Divorce Case Tends to Show Liquor Addiction.

New York, June 15.—In the Howard Gould divorce hearing today attempts to introduce evidence tending to show that Mrs. Gould was addicted to the use of intoxicants were vigorously resisted by Clarence J. Shearn, counsel for Mrs. Gould.

Maurice Malley, superintendent of Castle Gould, was asked at what time he had found Mrs. Gould under the influence of liquor at the castle and Shearn objected, making the declaration that the charges of drunkenness, even if true, made Gould's abandonment of his wife more reprehensible.

Despite the objection, however, the witness was permitted to testify that on more than one occasion, in his opinion, she was under the influence of intoxicants.

Electric Signs for "L" Roads.

Electric signs are to be extensively used on the stations of the loop of the Chicago elevated railways. According to the plans, a large sign reading, "Elevated Stations," will be installed on the elevated structure at the principal street corners. Numerous smaller signs reading, "To All Trains," will be installed at the entrance to the elevated stations, and at all other points where signs are desired those of the electric type will be made use of. After an extensive investigation into the matter it has been decided by the officials of this company that the electric sign is the best for all purposes.

Preventive of Nightmares.

In certain parts of England there is a curious belief in regard to nightmares. A correspondent writes: "I recently observed a large stone, having a natural hole through it, suspended inside a Suffolk farmer's cowhouse. Upon inquiry of a laborer I was informed this was intended as a preventive of nightmare in the cattle. My informant added that a similar stone suspended in the bedroom, or a knife or steel laid under the foot of the bed was of equal service to the sleeper, and that he had himself frequently made use of this charm."

CANNOT TILT THE "LID"

THE EXCISE COMMISSIONER REFUSES TO ALLOW REAR DOORS TO OPEN.

INSISTS ALL LAWS MUST BE OBSERVED

Request for Card Playing in Barrooms Also Is Denied—What Mr. Caulfield Has to Say in the Premises.

St. Louis, Mo., June 15.—Smarting under the recent increase of \$100 to the state tax and the increase in the number of lid clubs, a delegation from the grand council of the Retail Liquor Dealers association of Missouri, yesterday asked Excise Commissioner Caulfield for permission to tilt the lid slightly on Sunday afternoons and evenings by opening the back doors.

Emil Floerke, of No. 2325 North Broadway, grand secretary of the organization, was the chairman and spokesman for the committee. The committee argued with the excise commissioner that the saloon-keepers not only were compelled to pay an increased license tax over former years; that they were compelled to close their establishments on Sundays, and pay the very highest rentals for suitable locations, but were constantly in danger of having their business ruined, while the clubs are operated without license and can run as long as the operators see fit without molestation from anyone.

The committee did not ask to keep open during church hours on Sundays, but asked if the law would be complied with if front doors were closed in the afternoons and evenings and back doors opened.

The application was rejected most emphatically by the excise commissioner, who declared that he could permit no evasion of the law and would not for one instant countenance any attempt to reopen the saloons on Sunday, or any other days upon which the law requires them to be closed. A request to permit card playing in barrooms was also denied.

Senator Borah Says He'll Vote to Loosen Bonds That Tie Them.

Washington, June 15.—The question of the independence of the Philippines received attention in the senate today, Senator Borah starting the ball rolling by declaring that he proposed to cast his vote for "loosening the bonds which tie the Philippine people to the United States."

He declared himself in favor of an independent government for the Philippines. The amendment to the tariff bill covering importations from the Philippines was still under consideration today.

MASTERS OF MONOPOLY

ARE IN CONTROL OF AFFAIRS IN THE SENATE OF THE UNITED STATES.

SO SAYS SENATOR OWEN, OF OKLAHOMA

Responsibility for the Unrest of the Country Is Laid at the Door of the Republican Party—Speech Made Today.

Washington, June 15.—Charging that the masters of monopoly were in control; that the tariff bill was written to serve their purpose to make the rich richer and the poor poorer, and to benefit the few at the expense of the many, Senator Owen today held the attention of the senate for several hours with a speech replete with denunciation of the republican protective tariff policy and of the majority members of the

senate finance committee. Responsibility for the unrest of the country he laid at the door of the "recent giant monopolies, engendered and sheltered by the prohibitive tariff."

Senator Owen opposed the bill in its entirety, because, he said, it was contrary to the will of the American people. "When I point out the unavoidable effect of extreme poverty as the necessary complement of unlimited wealth in the hands of a few, accumulated under the shelter of the law," he declared, "I wish it distinctly understood that the dark picture of human misery which the truth compels me to portray breathes from me no spirit of pessimism, because I am an optimist. I recognize the immediate dawn of better things and an early remedy."

Among the reasons assigned by him for being an optimist, Senator Owen said that he believed that the American people, who loved liberty, who believed in self-government, who believed in mercy and charity as well as industry and Providence, will see to it that this government is so conducted by their representatives that in future there shall be a more equitable distribution of the proceeds of human labor; that we shall change the present policy, whose inevitable tendency is the useless, the vulgar and insane enrichment of the few at the expense of the misery and sorrow and of the physical and spiritual degeneration of millions of men, women and children, who are now submerged in the commercial devices of Mammon. In his opinion, he asserted, the bill should not pass, because it violated the pledges of the republican party and of the republican leader during the last campaign. The republican party platform, he declared, was "unambiguous" and its reasonable and natural interpretation was plain.

Senator Owen, reverting to the debates in the senate on the tariff, said that when he had sought to ascertain why the difference in cost of production at home and abroad had not been compiled as a basis for the drafting of the bill, Senator Gallinger "rises in his place and solemnly advises me that my inquiry is absurd." He would not, he said, question the intelligence of Mr. Aldrich, nor would he reply to him in kind, but, he said, "I appeal from him to the American people, who will not hold him guiltless for his callous and reprehensible conduct in this matter."

The failure of Mr. Aldrich and his colleagues to furnish the senate with the difference in cost of production at home and abroad he bitterly denounced, remarking that the request had been met with "supercilious indifference." He charged that Mr. Aldrich had withheld information on that point, and that he had refused to Senator Daniel and to other democratic members of the finance committee the privilege of having the same information that he himself enjoyed; and that when his attention was called to this "unjust and uncon-

situtional conduct he justifies it by quoting from an evil precedent of democratic origin, and seemed to think he had fully answered for this breach of duty."

Senator Owen declared that a bad democratic precedent was no more respectable to himself than a bad precedent from any other source. "Is it possible," he exclaimed, "that men of nobility and character, that senators of intelligence and moral integrity have refused to compile the difference in cost of production at home and abroad on the items of the Dingley bill for our present guidance because they intended to break faith with the American people, and did not dare to make the truth manifest by compiling this damaging evidence of their betrayal of their party pledges?"

The republican leaders, he declared, occupied a position "absolutely and utterly indefensible." While they might not have been hypnotized, he said, they had been "overwhelmed with the 'power of suggestion' enveloping them and creating the atmosphere and controlling environment established by a swarm of attorneys, special pleaders and fascinating representatives of the high tariff beneficiaries."

Senator Owen further charged that the high tariff had lowered the wage of American workmen. He devoted considerable time to this question, furnishing innumerable statistics to support his contention.

"The monopolist," he said, "can not and does not consume his profit, so that the result is the capital of monopoly is rolling up like a huge snowball, picking up every opportunity offered by God to mankind in our natural resources; and labor, the creator of wealth, languishes and grows weaker as the creature of wealth grows stronger and exercises the natural but unrestrained appetite of 'acquiring' the title to every visible and invisible resource."

He favored the growing organizations of workmen. Monopolies, he said, preferred unorganized labor. "They prefer that labor should be feeble and incapable of making of effective any demand for its comfort or convenience or for its rights."

He maintained that the law should firmly and unhesitatingly require of labor, organized or unorganized, a strict obedience to the law, "but it should also demand and require of monopoly considerate and decent treatment for labor and its rights, both as producer and consumer."

CRAZY SNAKE MAY GIVE UP

Makes Arrangements to Give Bond If Indicted.

Guthrie, Ok., June 15.—If Crazy Snake, leader of the revolutionary full-blood Creek Indians, is indicted by the McIntosh county grand jury at Eufaula for alleged connection with the recent so-called Indian uprising, arrangements have been made by which he will be released on \$20,000 bond.

Crazy Snake is now in the hills near the Hickory stump grounds, and ready to surrender at the appointed time. He will come to Guthrie, under armed military guard for a conference with Governor Haskell, to whom he wishes to explain the character of the Snake Indian gatherings that occur periodically at Hickory. The Eufaula jury meets June 21.

There Are Many Glidden Entries.

Buffalo, N. Y., June 15.—With the certainty of many times as many entries as were received for any previous run, the list for the coming Glidden tour closes today with Chairman F. B. Hower, of the American Automobile association contest board. Belated entries will be received up to July 1, at a cost of \$100 extra.

GIRL IS A PRESS AGENT

SHE'S EMPLOYED TO SET FORTH ADVANTAGES OF STATE OF MICHIGAN.

WAS FORMERLY IN ADVANCE OF CIRCUS

Then She Was Press Agent for Olympic Music Hall in Chicago, at the Largest Salary Ever Paid Promoter in That City.

Detroit, Mich., June 15.—Michigan is by all odds the greatest and most glorious state in all Uncle Sam's dominions. Its climate is perfect, its health conditions superior and its soil productive beyond the dreams of avarice. In Michigan life is one grand, sweet song, without a flaw or blemish to mar the mighty anthem of thanksgiving in which its citizens daily join.

All this on the authority of Miss Nellie Revell, who today assumed her duties as the duly authorized press agent of this most marvelous commonwealth.

When Miss Revell got "on the job" of booming Michigan today she established a precedent. This is the first time in history that any state has employed a press agent, and the first time a woman has ever been employed to undertake so big a task at so large a salary. (This, also, on authority of Miss Revell, who is not overlooking anything.)

Readers of papers throughout the middle west may expect to find many columns of stories setting forth the

glories of Michigan, for Miss Revell expects to call upon many of the editors in person, and she is fair to look upon and has a persuasive voice.

Miss Revell was formerly the only woman press agent for a circus in the country, and had been all over this country in that capacity. She has crossed the Atlantic six times and the Pacific four times.

During the summer she will be employed in spreading broadcast the glories of the great state of Michigan. She will tell of the celery fields at Kalamazoo, exploit the peppermint industry of the same locality, write about prize pumpkins, grain and cattle. She will be at the state fair, where she will meet the people of the press from all quarters of the globe, and will receive for her duties the largest salary ever paid to a woman in any capacity.

Five years ago Nellie Revell was a comparatively obscure vaudeville performer. She had been a press agent for a circus and had been a protégé of the late P. T. Barnum. She wrote a monologue and applied for a position on the vaudeville stage. There she soon became a headliner and her work attracted wide attention.

The next heard of this indomitable little woman she was writing brilliant paragraphs and entertaining stories for a theatrical publication, and the next heard of her she had been retained as press agent for the Olympic Music hall in Chicago, at the largest salary ever paid for a publicity promoter in that city.

JUDGE SMITH GIVES UP

Appears at Penitentiary Unaccompanied to Serve Term.

Chicago, Ill., June 15.—The long fight of former Judge Abner Smith to escape the penitentiary ended yesterday when Sheriff Strassheim, of Cook county, was informed by a telegram from Warden Murphy, of the Joliet penitentiary, that Smith had surrendered himself at the prison.

Abner Smith, for years a respected judge of the circuit court, was convicted of violating the banking laws while he was president of the now defunct Bank of America. It was charged that he had profited greatly by his manipulation of the funds of the bank.

After his conviction in the criminal court he fought the case through the appellate and the supreme courts, losing at each stage. He then appealed to the pardon board and the governor. The pardon board last week refused his request for a mitigation of punishment. The sentence is indeterminate.

GAVE \$40,000 TO THE CHURCH

Anonymous Gift From Woman Is Made to Lutherans.

Des Moines, Ia., June 15.—An anonymous gift, the value of which is estimated at \$40,000, was announced as a surprise at the annual national convention of the United Norwegian Lutheran Church of America yesterday. The donor is a woman. The gift will be used to erect a new building at the home for the aged of this church body, located at Wittenberg, Wis.

It has been decided to build a \$75,000 building at the deaconess home and hospital of this church body in Chicago. Of this about \$30,000 has already been raised. The managers of this institution desired to be empowered to commence building operations this summer. Many are in favor of laying the matter over until a larger percentage of the cost has been raised.

SURVIVORS OF A HORROR

FIFTH ANNIVERSARY OF THE BURNING OF THE STEAMER GENERAL SLOCUM.

OCCURRED ON THE EAST RIVER, NEW YORK

Terrible Experience of Peter Theodore Braun Said to Have Been Responsible for His Death at Allendale, N. J.

New York, June 15.—In memory of 1,021 persons, mostly women and children, who perished in the terrible disaster of June 15, 1904, the "Organization of the General Slocum Survivors" held impressive ceremonies today, the fifth anniversary of the burning of the steamship in the East river, with a Sunday school excursion party on board.

The memorial services were rendered doubly pathetic by the absence of one of the survivors of the Slocum horror, young Peter Theodore Braun, who died recently at Allendale, N. J. Mental agony due to the memories of the day of terror was the cause of the boy's death, it was said, and his pitiful case brought tears to the eyes of many when it was recounted at today's gathering of the more fortunate survivors.

Before the burning of the Slocum, on June 15th, 1904, young Braun, a member of the ill-fated Sunday school picnic party that was destroyed, was a healthy, athletic school boy of 14, handy with a bat and a school nine pitcher hard to get hits off of.

But in the hour of torture in the East river he used up all that was in him for the rest of his life, as he tried to save his mother and three small sisters who had jumped with him from the burning boat. After he had seen them go down, one after the other, he himself was pulled into a row boat and brought ashore.

Although he recovered physically from his burns and from the exhaustion in the river, the boy never recovered from the memories of it. Although not deranged, he became a victim of his sorrows by day and of his dreams of horrors by night, always dreams of shrieking women and burning and drowning children.

There was no more baseball for this boy. On the contrary, he shunned his companions, because he was always pointed out by them as a Slocum survivor. So pronounced did the boy's aversion become toward anything or anybody that could recall his losses that the boy's father finally moved from his home in this city to Allendale.

But the change did not have the desired result. With each succeeding summer and approaching anniversary of the disaster young Braun's grief

became more intense and unbearable. This year he broke down under it completely and died. The physicians could do nothing for him. His father said that death was due to grief and memory.

CHILD ATE AN ENTIRE BOX OF CUTICURA

Spread on Some Crackers—Not a Slightest Injury Resulted from Little Fellow's Escapade—In Most Positive Way Ingredients of

CUTICURA PROVEN PURE SWEET AND HARMLESS

A New York friend of Cuticura writes the following interesting letter:

"My three year old son and his, after being put to bed on a trip across the Atlantic, investigated the state room and located a box of graham crackers and a box of Cuticura Ointment."

"When a search was made for the box, it was found empty and the kid admitted that he had eaten the contents of the entire box spread on the crackers. It cured him of a bad cold and I don't know what else."

No more conclusive evidence than the above could be offered that every ingredient of Cuticura Ointment is absolutely pure, sweet and harmless. If it may be safely eaten by a young child, none but the most beneficial results can be expected to attend its application to even the tenderest skin or youngest infant. This feeling is shared by mothers and nurses to such an extent that Cuticura Soap and Cuticura Ointment have for many years been unhesitatingly used throughout the civilized world for preserving, purifying and beautifying the skin, scalp, hair and hands of infants and children from the hour of birth, and greater still, if possible, is the confidence reposed in Cuticura Remedies for the treatment of torturing and disfiguring humors of the skin and scalp. The suffering which they have thus alleviated among the young and the comfort they have afforded worn-out and worried parents have led to their adoption in countless homes as priceless agents in the speedy, permanent, safe and economical treatment of infantile and birth humors, eczemas, rashes, irritations, inflammations and chafings, and other itching, scaly and pimply humors when all other remedies suitable for children fail.

Cuticura Remedies are sold throughout the world. Philadelphia, June 15.—Men who give "tick" to the nation and support the mighty fabric of credit on which a large part of the business of the country is transacted are the Quaker City's honored guests today. The gathering is the fourteenth in the history of the National Association of Credit Men and will continue through four days.

The initial session was called to order at 11 o'clock this morning in the Bellevue-Stratford, when addresses of welcome were made. At the second session today the reports of the legislative, bankruptcy law, membership and business literature committees will be read and discussed.

Tomorrow there will be only a morning session, at which the reports of the investigation and prosecution, mercantile agency and credit co-operation and credit department methods committees will be received.

Again on the following day there will be only one session, which will be devoted to reports from the adjustment bureau and fire insurance committees, as well as special committees.

Thursday there will be two sessions, a prominent feature of which will be reports on business conditions.

Among those who will address the convention are Hon. Joseph G. Cannon, Charles Thaddeus Terry, Julius Henry Cohen, Dr. L. S. Rowe and Clark Williams.

Among the credit men slated for speeches are S. J. Gordon, Ira D. Kingsbury and J. W. Jordan.

The Philadelphia Association has planned to entertain the visiting credit men with a trip to Valley Forge, theatricals, suppers, motor car rides and diversions.

On the last day a vaudeville show and smoker will be held in the ballroom of the Bellevue-Stratford. A special program has been arranged for the women accompanying the men.

Much time and more money has been spent and wasted on inferior hair restorers that in the end have produced no benefits. To discover and demonstrate a preparation which will accomplish the desired results has been the aim of the Wyeth Chemical Company.

Wyeth's Sage and Sulphur Hair Restorer is the most successful remedy known for restoring the natural color of the hair, its preservation, the removal of dandruff, allaying itching, cleansing the scalp, stopping the hair falling out and becoming dead, thereby preserving the hair in its natural and healthy state—without the use of dyes.

It is not an experiment. Its success has been proven and the use of it will amply demonstrate its merits above all other preparations of this nature.

One sufficient reason for the success of **Wyeth's Sage and Sulphur Hair Restorer** is that sulphur is a natural element of the hair, and when there is not a sufficient amount of it, the hair loses its life, color and strength, turns gray and falls out.

The one kind of sulphur suitable to prevent this condition in the hair is supplied in **Wyeth's Sage and Sulphur Hair Restorer**, and a trial will convince you. If your druggist does not keep it, send 50c. or \$1.00 to the Wyeth Chemical Company, 74 Cortlandt St., N. Y., and a large bottle will be sent you, express prepaid, and your money will be refunded if this remedy does not accomplish what is claimed for it—it's guaranteed.

Free—A liberal sample of our Vigoral team will be sent anyone making us this advertisement and the names and addresses of four friends interested in a Hair Restorer—with a 25 cent note to cover mailing.

Mild Laxative for Baby Free

The child of today is the parent of the future, and whether it grows up healthy and strong, or puny and weak, depends upon the intelligence of its parents, for most children are born into the world healthy, but thousands become future weaklings between birth and the age of ten, when the parents are still in greatest control.

The prime cause of trouble is in the stomach. A baby that is digesting its food seldom cries and always looks cheerful; the little child whose stomach is good romps and plays and never whines; the growing child learns well at school and is eager for fun; his stomach is clear and his stomach light, and that means if it has no constipation.

The best and safest way to cure any irregularity of the stomach and bowels in children is by the use of Dr. Caldwell's Syrup Pepsin. This is a liquid laxative wonderful in its effect as Mrs. John W. Dunham, Apple Creek, O., Mrs. H. L. Cullam, Plainville, Ind., and numerous others can testify who give it to their children with extraordinary results.

A bottle only costs 50 cents or \$1 according to the size you want, and will do a wonderful amount of good in a family. It can be given to any member of the family in constipation, sour stomach, indigestion, torpid liver, dyspepsia, heartburn, sick headache and similar digestive troubles. It never gripes or strangles like pills, tablets, salts and powders, which should not be given to children, women or old folks.

If you have a child or other member of the family who needs, but has never used this grand laxative tonic, send your name and address to the doctor and a free trial bottle will be sent to your home. In this way you can find out what it will do without personal expense.

If there is anything about your aliment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 50 Caldwell bldg., Monticello, Ill.

DEMOCRATS IN HOSPITAL WEEDED OUT

Folk Appointee Declines Offer of Extended Term of Office at Farmington Institution Under Circumstances.

Farmington, Mo., June 15.—Gov. Hadley's new board of managers of the State Hospital for the Insane at Farmington swung the ax at its first meeting here yesterday, making a place, among others, for Dr. Henry Lloyd, former deputy coroner of St. Louis, and a brother of Representative Hiram Lloyd.

By the action of the board, Dr. Lloyd, who, when his term as deputy coroner expired, failed in reappointment, succeeds Dr. F. L. Long as assistant superintendent. Dr. Frank Vernon, a hospital physician, who has been in the institution several years, was ousted, and Dr. Frank Weber, of Flat River, Mo., appointed in his place.

The board failed to name a superintendent at the meeting, but offered Dr. J. F. Harrison, the present superintendent, whose term of office expires in July, the privilege of holding over for three months until the new officers familiarized themselves with the workings of the institution.

Dr. Harrison declined to assume the responsibility of the asylum with an entire new staff of physicians, unfamiliar with the duties of the position and with no great experience in the treatment of insanity.

Dr. Harrison came to Farmington from the State Hospital for the Insane, No. 1, at Fulton, Mo., two years ago. He was assistant superintendent of the Fulton hospital for many years, receiving his appointment during Gov. Stephens' administration.

The board also rolled P. D. Fisher, treasurer of the institution, and appointed Peter Geissing, of Farmington. J. A. Tuttle, the steward, was let out and "Doc" Makley, of Farmington, appointed. A matron and a superintendent are yet to be chosen. The board is in session again today.

The Hadley appointees on the board constitute a majority. They are: B. B. Calhoun, of Fredericktown; Green Greer, of Sikeston, and W. R. Lang, of Farmington.

Sick headache, constipation and biliousness are relieved by King's Little Liver Pills. They cleanse the system. Do not gripe. Price 25c. Sold by the W. E. Bard Drug Co.

BEER POISONED BY SNAKE

Laborers Meet Death After Bacchanalian Revel.

Richmond, Va., June 15.—Joseph M. Staten, bridge inspector for the Chesapeake & Ohio railway, who has just returned from West Virginia, tells of the remarkable death of eight laborers near the town of Raleigh, following a wild debauch.

According to Staten, the men purchased and set up a barrel of beer in their shack, and proceeded to drink.

Later, all eight were discovered lying dead on beds on the floor.

The barrel was taken in the yard, and the remaining beer allowed to escape.

A large rattlesnake was found in the bottom of the barrel, after the beer had been drawn off.

It is presumed that the snake, in its death agony, injected enough poison into the beer to kill the men who drank the beverage.

THIEF SHE SAVED SHOT HER

Reformatory Wedding May End Fatally for Wife.

Cincinnati, June 15.—Andrew Deck yesterday fired three shots at his young wife. One bullet passed through her chest and another through her right arm. She was removed to the City hospital, where the doctors said her condition was critical. Deck is at large.

Deck and his wife are each 20 years old. Deck had been a thief. Rose Shuck had known him since girlhood. He was sent to the reformatory, at Mansfield, O., and she worked for his pardon, and two years ago obtained it.

She met him at the door of the reformatory and they were married. The case at the time became locally famous, as she said she married him to reform him. A few days ago the young wife, with her baby, fled from him owing to the husband's cruelty.

The sanitarium will accommodate 300 children the year round and occupies the buildings which formed the Chappaqua Mountain institute, a boarding school established by the Society of Friends in 1870.

The grounds of the sanitarium cover seventy acres. The society has spent \$150,000 in buying the property and in alterations, while the income from the remainder of the gift will be applied to running the institution.

CHARGE OF ABANDONMENT

Was Upheld in Mrs. Gould's Divorce Suit by the Court.

New York, June 15.—The plaintiff's case in the Katherine Clemmons Gould separation suit rested last afternoon, after the most important testimony Mrs. Gould had to offer had been introduced. Upon motion by counsel for the defendant to dismiss the complaint, Justice Dowling did dismiss it as to the allegations of cruelty and non-support, but not as to the charge of abandonment. He said that a prima facie case of abandonment had been made out.

The defense has already admitted that Mr. Gould left his wife and is now put to its proof that the abandonment was justifiable. It began introducing evidence today.

Counsel for each side professed to regard Justice Dowling's decision as favorable. Clarence J. Shearn declared after court had been adjourned that the abandonment charge was the only really important point in the complaint.

Delancey Nicoll appeared pleased when the cruelty charge, which consisted in the main of allegations that Mr. Gould had surrounded his wife with spies and had enlisted the aid of the New York police department, was stricken out. Big Hawley and Buffalo Bill are now eliminated as factors.

YOUNGER WARNS YOUTH

REFORMED BANDIT SEEKS TO TEACH MEN LESSON OF HIS OWN LIFE.

TALKS OF TEMPTATION IN MANY LINES

Lurid Picture Shows Schools of Evil and Yellow Novels Are the Text Books—He Spent a Day in City of St. Louis.

St. Louis, Mo., June 15.—Cole Younger, former bushwhacker, guerilla, train robber and bandit, now leading the regenerate life and the doctrine of righteousness, stopped in St. Louis Monday, on his way to his home in Lee's Summit, Mo.

He was accompanied by his manager, L. A. Van Erichsen, under whose direction he wound up a successful lecture tour with an address to the ex-Confederates at the reunion last week in Memphis, Tenn., where he received a rousing reception at the hands of the veterans, many of whom were his comrades in the stirring days of the Civil war.

Time has dealt kindly with the reformed train robber, despite the hardships he underwent throughout his stormy career, which terminated with a twenty-five year term in the Stillwater penitentiary, in Minnesota. His looks the picture of health, with his massive 6-foot, 230-pound frame, his smiling, cheery, ruddy face, terminating in a double chin, and the small, twinkling, genial gray eyes. In repose he strongly resembles William J. Bryan from a side view, and he says scarcely a day passes but he is mistaken for the democratic leader.

Cole Younger has a serious mission in life, to which he will devote his remaining years. He is 65, but he looks not more than 50. Through the medium of his lecture, "What Life Has Taught Me," he is appealing to the young men of this age to avoid the path beset with temptations and pitfalls and so conduct their lives that they may become honorable and useful citizens of the republic. He holds up his own early life and hardships as a terrible warning of the bitter results to be expected by those who are led astray by the false glamor surrounding the life of the law-breaker.

"It is not easy for me to recount those early days of my life," said Mr. Younger, "and I never revert to them except upon the lecture platform as a warning to the youth of the present day. In my early life my career was shaped by force and hard circumstances, growing out of the bitterness of the Civil war.

"In these days the young men are tempted more easily by the products of a more luxurious existence, none the least of which are the cheap, sensational novels, the moving picture shows and kindred exhibitions of lawless scenes, which seek to glorify deeds of evil doers without pointing the moral that the wages of sin is death and the way of the transgressor is hard. To combat this impression is part of my mission to the young men of America."

Mr. Younger, while not a teetotaler, is an ardent advocate of temperance. Drink, he says, is one of the most potent causes of the downfall of youth.

"I am not a preacher," he said, "but I believe much good would be accomplished in saving young men from ruin if the preachers would apply themselves earnestly to the work. I believe we should all form a partnership with God in the work of salvation, but the trouble with most

preachers is that they insist on being the senior partner, instead of deferring to God, Who understands the business thoroughly."

Kaiser William's Anniversary.

Berlin, June 15.—The anniversary of Emperor William's accession to the throne, on June 15, 1888, was celebrated in an enthusiastic manner throughout Germany today.

The kaiser has completed preparations for his coming meeting with the emperor of Russia, which will take place Thursday.

LAWS EFFECTIVE AUGUST 15

So Says Attorney General Major in an Opinion.

Jefferson City, Mo., June 15.—Despite the fact that one of the bills passed at the recent session of the general assembly and which has been approved by the governor fixes November 1 as the date when the laws enacted by the general assembly shall become operative, Attorney General Major, in a written opinion given out yesterday, holds that they go into effect ninety days after sine die adjournment, or August 15, unless through an emergency clause, they become operative earlier. The legislature adjourned May 17.

This is a matter which has aroused deep interest over the entire state, the popular impression being that all approved bills become laws in ninety days after adjournment, until it was discovered that there was a bill postponing the date until November 1.

While David H. Harris, a member of the Revision committee, contends that this bill is in no wise in conflict with the constitution, the attorney general in his opinion sustains the position he takes by the constitution.

There are still in the governor's hands some 250 bills, which must be either signed or vetoed by Wednesday night, and any which are not vetoed, but remain unsigned at that time, become laws just the same as those which receive the governor's approval.

TWO ARE SLAIN IN A FEUD

Troops Called Out in Mississippi to Guard a City.

Natchez, Miss., June 15.—Dr. A. M. Newman, chancery clerk of Franklin county, recently acquitted in that county of the charge of killing Cornelius Prichard April 26, was shot and killed in his buggy last afternoon at 2:30 o'clock in Meadville. Silas Reynolds, who was near Newman's buggy, was also killed and three men were injured.

The shooting is the outgrowth of the Newman-Prichard feud, which has continued in Franklin county for years. After the acquittal of Newman and the release of two sons on light bond, feeling ran high.

Yesterday as Dr. Newman was riding past the Butler building, a two-story structure, a volley of shots were fired at him by persons in the building. Dr. Newman was killed outright. His two sons, Ernest and Lenox, ran to his assistance and were wounded, the latter receiving what is believed to be a fatal wound.

Herbert Applewhite, a lawyer, was in range and was shot in the leg. Company H, Third regiment, State National Guard, of Brookhaven, was ordered to Meadville and arrived at 5 o'clock.

Florida Waitresses Attack Boss Who Mistreated Them.

Pensacola, Fla., June 15.—Following a strike of twelve comely white waitresses at the Hotel Esambia here, the girls attacked the head waiter with stale eggs and drove him from the premises.

The girls struck because they believed the man had mistreated them and after failing to win their point with the management, went after their chief.

The strike has been ended by the head waiter being transferred to another department.

VASELINE NO GOOD FOR HAIR.

Dandruff Germ Thrives in It, as Well as in All Grease.

A well known Chicago hair specialist invited the Inter-Ocean reporter to come to his office and see, under a microscope, how the germ that causes dandruff thrives in vaseline. The specialist said that all hair preparations containing grease, simply furnish food for the germs and help to propagate them. The only way to cure dandruff is to destroy the germs, and the only hair preparation that will do that is Newbro's Herpicide.

"Destroy the cause, you remove the effect." Without dandruff no falling hair, no baldness. Ask for Herpicide. It is the only destroyer of the dandruff germ. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.
